VILLAGE OF HOFFMAN ESTATES DEPARTMENT OF HEALTH & HUMAN SERVICES MONTHLY REPORT

To: Eric Palm, Village Manager

July 2025

Prevention & Wellness

Community outreach is essential for building strong, informed, and connected community. It allows organizations and individuals to engage directly with diverse populations, fostering trust and mutual understanding. Through outreach, communities gain access to vital resources—such as education, healthcare, and social services—that might otherwise be out of reach. It also empowers people by amplifying their voices, addressing local concerns, and encouraging civic participation. Health and Human Services attended various community outreach events during the month of July. On July 17th, HHS partnered with the Police Department to host a community outreach event in the PD/Church of the Cross parking lot. Community members were able to engage in gaining resources for services, participating in fun activities and games, and building community connections. One hundred forty(140) people attended the event. On July 22nd, staff member Jasmoniqua Cleveland attended the Hello Hoffman Summer Hang event at South Ridge Park. At the event, HHS provided materials on services, giveaways, and engaged in discussions with community members about mental health. One hundred seventy-six (176) people attended the event. Staff therapist Jasmoniqua Cleveland attended the Barrington Square Improvement Association's 55th Anniversary event on July 26th. Fifty-nine (59) residents interacted with the HHS table for resources.

HHS staff attended the annual Hope Fore Hoffman fundraising event on July 23, 2025. This event helps raise funds for the Self-Help Fund which is overseen by Health and Human Services. Funds are utilized to assist residents in need who are facing hardship. This year, funds have been used to assist various families displaced by a fire with emergency housing, hygiene items, clothing, diapers, formula, and comforts items,

to assist a veteran with a disability with materials to build a ramp, to provide bunk beds for a family experiencing financial hardship, emergency shelter for survivors of domestic violence, and vouchers for families experiencing food insecurity. We look forward to being able to

continue to serve the community in such a meaningful manner through the generous participants of events like Hope Fore Hoffman Golf outing and donations to the self help fund.

Health and Human Services psychology extern, Sarah Shin, organized a community workshop, Dip Into Love, for couples on July 10, 2025 at Village Hall. This community workshop was as opportunity to learn more about diversity in partnerships, communication strategies, and opening dialogue about relationships in a fun food-oriented workshop that blended mental health and a culinary experience. Participants were able to share a meal and engage in fun and inclusive dialogue. Ten (10) people attended the event.

HHS hosted a WITS Workout class for older adults at the Hoffman Estates branch library. Nine (9) people attended the class. The WITS Workout program is available monthly to residents of Hoffman Estates. The WITS Workout program is an essential tool for promoting cognitive health and overall well-being in older adults. By engaging in stimulating brain exercises, social interactions, and problem-solving activities, participants can maintain mental sharpness and delay cognitive decline. This program fosters a sense of community, encourages lifelong learning, and helps older adults stay mentally engaged, which is crucial for maintaining independence and quality of life. Through interactive and enjoyable sessions, WITS Workout empowers individuals to actively support their brain health while strengthening social connections. In addition to the monthly WITS Workout classes, HHS nurses have organized brain games for monthly luncheons hosted by the Senior Commission. Participants are able to complete puzzle sheets and brain game activities while they attend the luncheon. In July, one hundred fifteen (115) participants completed the puzzle games at the luncheon.

Treatment and Crisis Response

Health and Human Services provides quality preventative health services to the community. Preventing serious diseases before they happen is one of the most important things you can do to protect your health. In July, nursing staff provided 51 infant and children's vaccinations and 3 adult vaccinations. Through these vaccinations, a total of 84 child and 7 adult antigens were administered. One hundred seventy-seven (177) preventative screenings were completed which include blood pressure (92), and pulse screenings (11), blood sugar (8), Hemoglobin (6), TB test (36), Tanita (22) screenings. Nursing staff provided Bone Density clinics for the community. Ten (10) bone density screenings were completed. Nursing staff provided 45 hours of consultation during the month of July. Vision and Hearing Screenings were conducted to screen pre-school age children. These screenings assist with identifying difficulties in vision and hearing and utilize developmentally-appropriate techniques to screen children and identify any necessary referral or follow-up. During July, 311 vision and hearing screenings were completed.

Health and Human Services provides in-person therapy services and telehealth psychotherapy services for the community and Village employees. Mental health services play a critical role in promoting well-being and ensuring a high quality of life. They provide essential support for individuals experiencing mental health challenges, helping them navigate crises, build resilience, and develop coping strategies. Access to these services can prevent mental health issues from escalating, reducing the risk of long-term negative impacts on individuals and their communities. Mental health services foster understanding and awareness, combating the stigma associated with mental health conditions. During the month of July psychology staff served 123 clients and provided 325 hours of individual counseling, 6 hours of couples therapy, 13 hours of family counseling, 3 hours of group therapy, 4 clinical intakes, 10 hours of psychological testing hours, 3 testing batteries, and 14.25 hours of crisis counseling. Charlie the Therapy Dog sat in on 29 therapy sessions during the month of July. During these sessions, Charlie provides support and helps reduce anxiety and distress by interacting with clients. Therapy services address a variety of mental health concerns including depression, anxiety, trauma, family dynamics and conflict, communication, and relational difficulties. All services are offered on a sliding scale and are accessible to all residents. Insurance for mental health is also accepted at HHS in order to expand further accessibility to clients.

Emergency Assistance

Emergency assistance programs are crucial in providing immediate support to individuals and communities affected by unexpected crises, such as health emergencies and economic hardships. These programs help stabilize vulnerable populations by ensuring access to basic needs like food, shelter, utilities and medical care. By offering timely intervention, emergency assistance programs mitigate the long-term impact of crises, reduce suffering, and promote quicker recovery. They also play a vital role in preserving human dignity and fostering resilience, enabling individuals to rebuild their lives and communities with a sense of hope and security.

HHS continues to be a volunteer service extension site for the Salvation Army program. Through this program, HHS provides Salvation Army Emergency Assistance services to Hoffman Estates' residents in need. This fund provides limited financial support to families who show a need due to an unexpected emergency (i.e. insufficient funds for rent or past due utility bill). Staff meets with each client for approximately 30 minutes to assess the need for additional services and/or referrals. During the month of July, 4 residents were assisted through the Salvation Army program.

HHS is a designated site for individuals to apply for the Nicor Gas Sharing program. The program provides payment assistance with gas bills for those who qualify and meet income requirements. During the month of July, 1 resident was assisted.

The Health and Human Services Lending Closet loans wheelchairs, crutches, canes, walkers, and knee scooters to residents for a small fee. During July, 7 items were loaned to Village residents.

Sharps Recycling Program

Sharps recycling programs are vital for safeguarding public health and the environment. These programs ensure the safe disposal of needles, syringes, and other medical sharps, preventing injuries and the spread of infections. The sharps recycling program promotes environmental sustainability by preventing sharps from ending up in landfills or contaminating water sources. Health and Human Services offers sharps recycling on the first Wednesday of each month. During the month of July, 64 pounds of sharps were collected.

VILLAGE OF HOFFMAN ESTATES EMERGENCY MANAGEMENT AGENCY

The Village of Hoffman Estates Emergency Management status report for July 2025:

EMC:

This month was focused on participation in the Northwest Fourth Fest parade, fireworks event and drone show. I coordinated resources from Cook County Emergency Management and Regional Security (CCEMRS) to support our public safety operations that included UTVs, light towers, message boards, generators, the LRAD, Meridian Barriers and the Cook County Tactical Command Vehicle. This year, we used a Tactical Command vehicle from CCEMRS for the parade and we set up an EOC in the Now Arena for the entirety of the Northwest Fourth fest. This year was also the first year that the meridian barriers purchased through JEMS were used to protect pedestrian traffic and the event space. I created a Damage Assessment Team pamphlet and a 72-hour Emergency Supply Kit Checklist to be distributed next month for the National Night Out. We will also be providing activities for younger children to learn about severe weather and outdoor warning sirens.

EMA Team:

The EMA team participated in the Parade and Northwest Fourth Fest Fireworks events by providing traffic assistance to the Police Department this month. Our EMA team also conducted traffic assistance for the Summer Concerts on Village Green each Thursday evening. We did have one severe weather event this month that the EMA team monitored for a potential for damage assessment. Fortunately, this event was predominately rain and lightning, and did not cause a lot of damage to trees.

The HAM Radio team has been continuing training and recruitment this month. The VOHE Amateur Radio Team is gearing up to participate in the State of Illinois Amateur Radio Full Scale Exercise called Prairie Voice 2025. Our team will participate in this exercise on August 9th and test our current radio capabilities among many other amateur radio groups across the state.

Outlook:

In August, I have scheduled a Tabletop Exercise that will be focused on a tornado occurring in Hoffman Estates. This exercise will be conducted by the Joint Emergency Management System (JEMS) and will include participants from all of our village departments. Each department will work within the EOC and progress through a simulated tornado scenario with impacts unique to each department. The EMA team and I will also be participating in the National Night Out event hosted by the Police Department in August. Our team will be providing public education on power outages, severe weather preparedness and family communications during a disaster.

Dear Chief Wax,

I would like to extend my sincere appreciation to your department and the personnel who operated at or supported the response to the complex and tragic water rescue incident that occurred on Sunday, July 27th.

While the outcome was not what we had hoped for, the dedication and effort demonstrated by responding personnel was remarkable. Everyone involved worked tirelessly to give this young child the best possible chance of survival.

Please extend our thanks to all those involved. The teamwork at this event serves as a powerful example of interagency cooperation.

With Gratitude,

Luke Howieson
Acting Fire Chief
