PATROL DIVISION ACTIVITY REPORT

During the month of August the Patrol Division responded to 4388 calls for service. The following is a brief summary of some of the activities:

On 1 August, Officer Soby and Probationary Police Officer Tribuzio were dispatched to the 1700 block of Fayette Walk reference an ambulance call. They met with a fifty-year-old male resident of Harvard who was highly intoxicated and refused to elaborate how he severed his bicep. He continued to be uncooperative as he was standing by his vehicle that appeared to have been damaged by a traffic crash. He made statements to dispatch and the fire department that he was drinking while driving and was transported to the hospital for evaluation. While at the hospital he threatened several staff and officers, and his preliminary blood test results were .206. He was charged with Driving Under the Influence, BAC Over .08, Obstructing Identification, and Aggravated Assault.

On 3 August, Officer Baker initiated a traffic stop at Sutton and Shoe Factory Roads for a vehicle with suspended registration. He met with the driver, a 43-year-old male resident of Elgin, and observed signs of intoxication. The driver submitted to field sobriety tests and failed. He was placed under arrest and transported to the police department where he refused all further testing. He was cited and released for Driving Under the Influence, Improper Lane Usage and Suspended Registration.

On 5 August, Officer Avila initiated a traffic stop at Barrington Road and Green Meadows Boulevard. He met with the driver, an 18-year-old male resident of Elgin, and it was apparent he was under the influence of alcohol. The driver submitted to field sobriety tests and failed and was offered to submit to a portable breath test. When asked if he had anything in his mouth, he spit out gum and when the officer checked his mouth, he discovered more gum and a penny. The portable breath test registered .175 and the driver was placed under arrest and transported to the police department. There he submitted a breath test which registered .187. He was cited and released for Driving Under the Influence, BAC Over .08, Unlawful Tinted Windows, Improper Lane Usage, and No Turn Signal.

On 6 August, Officer Avila initiated a traffic stop at 2500 Hassell Road for improper lane usage. He met with the driver, a 44-year-old female resident of Streamwood, who showed signs of intoxication. She submitted to field sobriety tests and failed. She was placed under arrest and transported to the police department where she refused all further testing. She was cited and released for Driving Under the Influence, Improper Lane Usage, Unlawful Tinted Windows, and Non-Insurance.

On 9 August, Officer Kleszyk was dispatched to the 2000 block of Stonington Avenue for a battery complaint. The victim, a 24-year-old male resident of Streamwood, advised he was battered after a road rage incident. He advised while driving he accidentally cut off another vehicle and the offender exited his vehicle and battered him by grabbing his neck. The video from his Tesla was reviewed and Officer Kleszyk responded to the offender's home in Barrington. He located the 46-year-old male who was placed under arrest. He was cited and released for Battery and Disorderly Conduct.

PATROL DIVISION REPORT CONT..

On 13 August, Officer Woodbury initiated a traffic stop on a vehicle for no registration and failure to secure a child under 8 in a child seat. He met with the driver, a 33-year-old female resident of Chicago, and within the vehicle, she had 3 children under the age of 8 that were not secured in a child safety seat. Her driver's license was expired, and she provided a salvaged title from Ohio to him. She was placed under arrest and she and her children were transported to the police department. She was cited and released for No Registration, Operating a Junked Vehicle, Unlawful Possession of Cannabis, No Driver's License, and Child Seat violations.

On 14 August, Officer Adlon was dispatched to the 1500 Block of North Barrington Road reference a criminal damage to property. The caller advised she observed a male white damage a vehicle by scratching the passenger door with a key. Officer Adlon located the victim, who wished to sign complaints, and located the suspect walking out of the building and placed him under arrest. The suspect stated he keyed the vehicle because the owner parked like a jerk. He was cited and released for Criminal Damage to Property.

On 15 August, Officer D. Miraglia was dispatched to Shoe Factory and Sutton Roads for a male subject sleeping behind the wheel. He met with the driver, a 41-year-old male resident of Rolling Meadows, who was clearly intoxicated. He submitted to field sobriety tests and failed. He was placed under arrest and transported to the police department where he refused further testing. He was cited and released for Driving Under the Influence, No Insurance, Illegal Transportation of Alcohol, and Illegal Stopping in the Roadway.

On 20 August, Sergeant Fesemyer located an occupied vehicle parked in the 1000 block of Atlantic Avenue. Officer Baker and Sergeant Fesemyer met with the occupant, a 28-year-old male resident of Prospect Heights, who advised he was sleeping in the parking lot because he had no other place to go. The suspect had a valid order of protection where the protected address was nearby and they contacted the respondent who had not had any contact with the male. Officers noticed open cannabis within the vehicle and a search of the vehicle produced several controlled substance medications that did not belong to the occupant. He was cited and released for Possession of Controlled Substance.

On 24 August, Officer Avila stopped a vehicle for several lane violations. He met with the driver, a 50-year-old male resident of Carpentersville, who exhibited signs of intoxication. He submitted to the Horizontal Gaze Nystagmus test and failed and refused all further testing. He was placed under arrest and transported to the police department where he continued to refuse further testing. He was cited and released for Driving Under the Influence, Improper Lane Usage, and Improper Turn Signal.

On 27 August, Officer Kleszyk responded to a road rage incident that occurred at west bound Golf Road and Barrington Road. The caller advised he was attempting to merge when another driver would not let him in, and he gave him the finger. At the intersection of Bartlett and Golf Roads they were both stopped at a red light. While arguing the offender reportedly brandished a firearm and threatened to shoot the victim. The offender was not on scene but was located at his residence in Streamwood. Officer Kleszyk was advised by the Streamwood police that the offender was found in possession of a firearm. Officer Kleszyk responded to Streamwood and placed the 53-year-old male in custody. Officer Kleszyk reviewed video footage from the intersection camera but was unable to determine if a gun was brandished. The victim provided his dash cam footage which showed that the suspect did not brandish a firearm but a small canister of mace. The suspect was charged with Aggravated Assault.

On 30 August, Officer Annoreno stopped a vehicle for improper lane usage at Higgins Road and Huntington Boulevard. While speaking with the driver, a 40-year-old female resident of Pingree Grove, she showed signs of intoxication. Field sobriety tests were conducted which she failed. She was placed under arrest and transported to the police department. She provided a breath sample that registered .079. She was cited and released for Driving Under the Influence, Non-Insurance and Improper Lane Usage.

INVESTIGATIONS DIVISION REPORT

On 12 August, Detective Shaw was assigned an Elder Abuse investigation on the 1400 block of Hassell Road. The complainant alleged her elderly mother was not being properly taken care of by her niece and was being taken advantage of financially. Upon further investigation, Detective Shaw and Social Worker Correa arranged to meet with the suspect and the mother to conduct a walk-through of the residence and confirm the well-being of the mother. Upon walking through the residence Detective Shaw observed the residence to be in a hoarder condition, but the residence was not uninhabitable. Detective Shaw also spoke with the elderly mother who appeared to be of sound mind, had recently passed a medical competency test, and appeared to be well cared for. The elderly mother advised that she had recently had a falling out with the complainant on this case over family issues. This investigation was unfounded.

On 21 August, Conant High School received a disturbing call regarding a male playing on the female volleyball team. Detective Parks called the number that called the school and spoke with a male subject who admitted to making the phone call to the school. He advised he did not make any threats and only meant that the U.S. Government would take care of the matter. He stated he resides in Florida and has no intent on returning to Illinois. After consulting with school administration, it was agreed that the subject, a 55-year-old resident of Vero Beach, FL, would be issued a local ordinance citation for disorderly conduct and a trespass warning covering all of District 211 properties.

On 21 August, Detective Parks continued his investigation into a Retail Theft with a Hit and Run that occurred at a local gas station. In this incident, an offender backed into the business shattering the window. The offender then entered the store and selected a tray of cigarettes and a bottle of alcohol. He left in a Nissan SUV with no plate. Images of the offender and vehicle were broadcast in a bulletin to other agencies. An officer from the Mount Prospect Police Department reached out and advised they had contact with the offender and identified him as a 45-year-old Chicago resident. Detective Parks was able to administer a photo line-up to the cashier working during the incident, who positively identified the offender. Detective Parks will be collaborating with the Mount Prospect Police Department to take the offender into custody.

On 22 August, Detective Garcia continued his investigation into a Stolen Motor Vehicle and traveled to Chicago after being notified by the property owner that a vehicle that matched the stolen vehicle was parked in her garage and did not belong to any of her tenants. Garcia had prior information that a ping on the vehicle put it in the area but was gone when he checked the residence on a prior occasion. Detective Garcia met with the property owner who directed him to the vehicle in the garage, and he confirmed it to be the stolen vehicle. The vehicle was towed back to the Hoffman Estates Police Department where it was processed for evidence. Both the victim and their insurance company were notified of the developments. This case is cleared by recovery.

On 25 August, Detective Garcia was assigned a Criminal Trespass to Property investigation at a local business in the 2000 block of Center Drive. In this case a male and female in a rental truck arrived and gained unauthorized access via a secured overhead door into the building which is currently under construction. Security personnel intercepted the subjects and escorted them off the property prior to police arrival. The rental truck used by the suspects was found to have been used in Elgin in a hit and run prior to the incident in Hoffman Estates. Detective Garcia worked with officers from the Elgin Police Department to obtain renter information and GPS data, which provided tracking information to a tire service shop in Elgin that purchases used tires. A phone number was obtained from employees of the service shop. Detective Garcia learned that the phone number is registered to a Georgia resident who has warrants out of Dallas, Texas. Detective Garcia spoke with the investigating Marshal in Texas who advised the suspect has a warrant for illegal dumping of tires in a protected area. He further advised that the suspect's wife, also a resident of Georgia, also had an active warrant out of Texas. A still image from the security footage at the business was provided to the Marshal who positively identified both subjects. Detective Garcia received information that the truck is currently back in Georgia and will be seeking arrests warrants for both subjects for criminal trespass to property. This case is pending acquisition of warrants.

JUVENILE INVESTIGATIONS DIVISION REPORT

On 22 August, Detective Ramos was assigned to investigate a Child Abuse case which occurred on the 100 block of Flagstaff Lane. The Hoffman Estates Police Department received a report from the Kane County Children's Advocacy Center, after a forensic interview was conducted, that a 13-year-old female victim disclosed that her mother had sexually abused her in the past while living in Elgin. The victim also reported that while living in Hoffman Estates her mother physically abused her and her younger brothers by hitting her with a belt and biting her brothers leaving marks on their bodies. Forensic interviews were later conducted for the two younger siblings. This investigation is ongoing.

School Resource Officers

On 13 August, Eisenhower Junior High School Resource Officer Lowden developed a "Weekly Wonder" Program in which SRO Lowden poses a weekly question to the student body during lunches/passing periods and rewards participants with a weekly raffle of donated prizes.

On 20 August, the mother of a Frank C. Whiteley Elementary School student reported to the principal that, based on the location of an Apple Air Tag in her son's backpack, he appeared to be traveling in the wrong direction. The principal notified School Resource Officer Patel, who investigated and determined the student had boarded the wrong bus. The bus driver was informed and transported the student

home, where he was safely released to his grandmother.

On 27 August, School Resource Officer Gessert investigated a third-party complaint of a student possibly bringing a gun to school. The student was identified, isolated, and searched, and no immediate threat was found. All appropriate notifications were made, and a threat assessment was conducted with the school.

On 27 August, Eisenhower Junior High School Resource Officer Lowden investigated a report of a threat to Eisenhower Junior High School students after a fight had occurred a day earlier. Both students were asked to stay home on August 27th by school administrative staff.

Patrol officers were notified and made contact with both students parents. This case was administratively closed with school consequences being imposed on the offending student.

On 29 August, School Resource Officer Patel was informed by a teacher about a missing student. After a thorough search of the school, the student was found hiding in the restroom. The student expressed feelings of being stressed, which led to them hiding. The student was safely returned to class, proper notifications were made, and the social worker was requested for follow-up support.

TACTICAL UNIT REPORT

On 08 August, the TACT Unit worked directly with Bartlett PD in their town, suppressing crime in heavily trafficked narcotics areas.

On 09 August, Detective Bartolone positively identified another subject wanted for retail theft by the Carpentersville Police Department while reviewing Critical Reach messages. Carpentersville was able to successfully obtain felony retail theft charges due to Detective Bartolone's identification.

On 09 August, an incident occurred where multiple HEPD officers were injured by a vehicle driven by a female offender with outstanding warrants. The offender fled the scene in the vehicle and was unable to be stopped. This case was assigned to Detective Bartolone, who immediately began running leads on the offender, whom he was able to identify from a previous arrest he had made. The offender was subsequently located and taken into custody and charged with three Class 2 felonies for Aggravated Battery to Police Officer, a Class 3 felony for Damage to State Supported Property, a Class 4 felony for Aggravated Fleeing and Eluding, and multiple other misdemeanor charges.

On 13 August, Detective Jennings, Sergeants Fesemyer and Giacone, and Commander Levin presented a Drug-Induced Homicide Case to the States Attorney at Rolling Meadows Courthouse. This case involved many steps and a lengthy investigation in order to obtain criminal charges. This is one of the first cases Cook County is reviewing in an attempt to build a case for this charge.

On 14 and 15 August, the TACT Unit attended the Midwest Security Expo/conference. This consisted of multiple breakout sessions which included learning

about Officer wellness, investigative techniques and community policing theories. At the conference, TACT made connections with various vendors, networking for future training opportunities sponsored by the state with no cost to HEPD.

On 16 August, Detective Meyer contacted two sex offenders in the Village, to update and complete their mandated sex offender registry information.

On 20 August, Detectives Meyer and Kubat were on patrol in an area known for narcotics related activity. They made contact with a subject who lied about his name, and after further investigation, finding the subject was wanted on a felony warrant out of county. He was taken into custody.

On 21 August, Detectives Jennings and Meyer conducted surveillance in the area of Golf and Roselle Roads known for narcotics related activity and theft. They observed a subject leave an area business appearing to conceal unpaid merchandise in his pants. They made contact with the subject and located various proceeds just stolen from a local business. The detectives notified the business of the occurrence, and stated they wished to sign complaints. He was taken into custody and transported to HEPD. After the detectives concluded with this offender, an additional subject in same area and located who had a felony warrant. He was taken into custody and transported to the originating agency.

VILLAGE OF HOFFMAN ESTATES DEPARTMENT OF HEALTH & HUMAN SERVICES MONTHLY REPORT

To: Eric Palm, Village Manager

August 2025

Prevention & Wellness

The 2024-2025 Psychology Training Cohort completed their internship and externship in August. Doctoral students in clinical psychology programs who complete their training at the Village of Hoffman Estates Health and Human Services department gain invaluable experience working with diverse and underserved populations. Immersed in a fast-paced, multidisciplinary environment, they refine clinical skills through direct therapy, assessment, and crisis intervention, often addressing complex cases involving trauma, depression, anxiety, and relational conflict. The setting fosters cultural humility, adaptability, and a deepened understanding of systemic barriers to care. Under close supervision, students learn to integrate evidence-based practices with community-oriented approaches, preparing them to become compassionate, competent clinicians who can navigate the realities of public mental health. Dr. Audra Marks oversees the Psychology Training Program in her role as Director of Training.

HHS staff, Dr. Maria Cornejo-Garcia, Dr. Lauren Nichols, Dr. Audra Marks, Jasmoniqua Cleveland, Gina McCauley, and Dr. Monica Saavedra, attended the Community Day event hosted in partnership with Advance Preschool. Unfortunately, the event which partnered with the Chamber's Car Show, was rained out. The weather did not stop participants from gathering at Garibaldi's and Advance Preschool to shield from the rain, enjoy a meal, and create community. At Advance Preschool, participants were able to receive information and resources on HHS services, enjoy face painting, and Reiki services.

HHS hosted a WITS Workout class for older adults at the Hoffman Estates branch library. Eight (8) people attended the class. The WITS Workout program is available monthly to residents of Hoffman Estates. The WITS Workout program is an essential tool for promoting cognitive health and overall well-being in older adults. By engaging in stimulating brain exercises, social interactions, and problem-solving activities, participants can maintain mental sharpness and delay cognitive decline. This program fosters a sense of community, encourages lifelong learning, and helps older adults stay mentally engaged, which is crucial for maintaining independence and quality of life. Through

interactive and enjoyable sessions, WITS Workout empowers individuals to actively support their brain health while strengthening social connections. In addition to the monthly WITS Workout classes, HHS nurses have organized brain games for monthly luncheons hosted by the Senior Commission. Participants are able to complete puzzle sheets and brain game activities while they attend the luncheon. In August, one hundred ten (110) participants completed the puzzle games at the luncheon.

Treatment and Crisis Response

Health and Human Services provides quality preventative health services to the community. Preventing serious diseases before they happen is one of the most important things you can do to protect your health. In August, nursing staff provided 104 infant and children's vaccinations and 4 adult vaccinations. Through these vaccinations, a total of 187 child and 6 adult antigens were administered. One hundred fifteen (115) preventative screenings were completed which include blood pressure (67), and pulse screenings (11), blood sugar (5), Hemoglobin (7), Cholestec (2), A1C (6), TB test (7), and Tanita (10) screenings. Nursing staff provided Bone Density clinics for the community. Eight (8) bone density screenings were completed. Nursing staff provided 40 hours of consultation during the month of August. Vision and Hearing Screenings were conducted to screen pre-school age children. These screenings assist with identifying difficulties in vision and hearing and utilize developmentally-appropriate techniques to screen children and identify any necessary referral or follow-up. During August, 127 vision and hearing screenings were completed.

Health and Human Services provides in-person and telehealth psychotherapy services for the community and Village employees. Mental health services play a critical role in promoting well-being and ensuring a high quality of life. They provide essential support for individuals experiencing mental health challenges, helping them navigate crises, build resilience, and develop coping strategies. Access to these services can prevent mental health issues from escalating, reducing the risk of long-term negative impacts on individuals and their communities. Mental health services foster understanding and awareness, combating the stigma associated with mental health conditions. During the month of August psychology staff served 122 clients and provided 128 hours of individual counseling, 4 hours of couples therapy, 2 clinical intakes, 10 hours of psychological testing hours, 1 testing battery, and 8 hours of crisis counseling. Charlie the Therapy Dog sat in on 25 therapy sessions during the month of August. During these sessions, Charlie provides support and helps reduce anxiety and distress by interacting with clients. During the month of August, clients who worked with the clinical trainees were placed on a waitlist to begin services again in September.

Emergency Assistance

Emergency assistance programs are crucial in providing immediate support to individuals and communities affected by unexpected crises, such as health emergencies and economic hardships. These programs help stabilize vulnerable populations by ensuring access to basic needs like food, shelter, utilities and medical care. By offering timely intervention, emergency assistance programs mitigate the long-term impact of crises, reduce suffering, and promote quicker recovery. They also play a vital role in preserving human dignity and fostering resilience, enabling individuals to rebuild their lives and communities with a sense of hope and security.

HHS continues to be a volunteer service extension site for the Salvation Army program. Through this program, HHS provides Salvation Army Emergency Assistance services to Hoffman Estates' residents in need. This fund provides limited financial support to families who show a need due to an unexpected emergency (i.e. insufficient funds for rent or past due utility bill). Staff meets with each client for approximately 30 minutes to assess the need for additional services and/or referrals. During the month of August, 3 residents were assisted through the Salvation Army program.

HHS is a designated site for individuals to apply for the Nicor Gas Sharing program. The program provides payment assistance with gas bills for those who qualify and meet income requirements. During the month of August, 2 residents was assisted.

The Health and Human Services Lending Closet loans wheelchairs, crutches, canes, walkers, and knee scooters to residents for a small fee. During August, 6 items were loaned to Village residents.

Sharps Recycling Program

Sharps recycling programs are vital for safeguarding public health and the environment. These programs ensure the safe disposal of needles, syringes, and other medical sharps, preventing injuries and the spread of infections. The sharps recycling program promotes environmental sustainability by preventing sharps from ending up in landfills or contaminating water sources. Health and Human Services offers sharps recycling on the first Wednesday of each month. During the month of August twelve 28-gallon containers of sharps were collected. The total weight will be reported in the month of September.

VILLAGE OF HOFFMAN ESTATES EMERGENCY MANAGEMENT AGENCY

The Village of Hoffman Estates Emergency Management status report for August 2025:

EMC:

On August 5, EMA co-coordinated a tornado tabletop exercise with JEMS for village administration and department directors in the EOC. EMA continues to work with PE and Spatial Technology on researching new weather alerting systems for the Village. This month the EMPG Q4 grant was closed out with the quarterly reimbursement process. The Event Action Plan was completed for the Platzkonzert with contingency plans in the event of an emergency. EMA continues to monitor tornado sirens and facilitate repairs as necessary.

EMA Team:

On August 5, EMA team participated in National Night Out. Public education material and giveaways were provided to the public that covered topics such as power outages, severe weather awareness and damage assessment. This was also an opportunity to discuss volunteer opportunities within EMA. In August, EMA team members also received CPR certification through HEFD.

FIRE DEPARTMENT MONTHLY REPORT

August 2025

This month's activities resulted in the Fire Department responding to 550 calls for service, 358 incidents were for emergency medical service, 188 incidents were suppression-related, and 4 were mutual aid to other fire departments.

The following is an overview of activities and emergency responses for the month of August.

Alan Wax, Fire Chief

Department Activities and Highlights:

The department was able to do some training in a vacant office building during the month of August. Hands on, real-life scenarios are always great training opportunities!

Emergency Incidents of Interest:

8/2/25 – #25-3898 – Jamestown Cir – Medical Incident

Companies responded to the above location for the report of a cardiac arrest. Upon arrival, companies assessed one patient. Personnel contacted SAMC and resuscitation efforts ceased in the field. The scene was turned over to HEPD.

8/3/25 – #25-3926 – Prairie Stone Pkwy – Medical Incident

Companies responded to the above location for the report of a cardiac arrest. Upon arrival, companies assessed and treated one patient. The patient was transported to SAMC.

8/6/25 – #25-3983 – Osage Ln – Medical Incident

Companies responded to the above location for the report of a cardiac arrest. Upon arrival, companies assessed and treated one patient. The patient was transported to SAMC with four personnel.

8/10/25 – #25-4060 – Hassell Rd – Medical Incident

Companies responded to the above location for the report of a cardiac arrest. Upon arrival, companies assessed one patient. Personnel contacted SAMC and resuscitation efforts ceased in the field. The scene was turned over to HEPD.

8/16/25 – #25-4170 – Thacker St – Medical Incident

Companies responded to the above location for the report of a cardiac arrest. Upon arrival, companies assessed and treated one patient. The patient was transported to SAMC with additional personnel.

8/22/25 – #25-4259 – Golf Rd & Bartlett Rd – Vehicle Accident with Extrication

Companies responded to the above location for the report of an accident with entrapment. Upon arrival, Engine 21 assumed Command of a two-vehicle crash with moderate damage. Hazards were mitigated and traffic control was established. Squad 22 extracted the patient from the vehicle. Ambulance 21 treated and transported one patient to SAMC. One release of medical services was obtained from the second patient. The scene was turned over to HEPD.

8/25/25 – #25-4298 – Hermitage Ln – Structure Fire

Companies responded to the above location for the report of a structure fire. Prior to arrival, dispatch informed crews that the fire was out and there was smoke inside the structure. Out of district companies were returned by Battalion 6. Upon arrival, the structure was ventilated. The fire damage was highest on the sofa where a battery was placed while charging. One resident was transported to SAMC. No fire had spread to the structure and the sofa was taken outside. Fire investigators remained on scene and all other companies were released.

Mutual & Auto Aid Incidents of Interest:

8/12/25 – #25-4082 – Green Meadows Blvd, Streamwood – Structure Fire

Companies responded to the above location for the report of a structure fire. Upon arrival, Tower 22 performed ventilation, primary search and EMS duties. Engine 22 was assigned to a second hose line and then as EMS personnel. Ambulance 21 was assigned as EMS personnel. Battalion 6 supported the firefighters on scene as needed. Three victims were treated and one patient was transported by East Dundee FD with one person from Tower 22. Once tasks were completed, all companies were released by Command.
